### 62lb. GreenPix Recycled Photo Matte

Red River Paper introduces 62lb. GreenPix Photo Matte. This new paper is a first in the industry, made of 100% post-consumer recycled content. What makes this recycled paper unique is its top grade photo inkjet coating and sturdy card weight and thickness.

GreenPix is a matte paper which means the printable side has no gloss, but is bright white in color. Unlike many post-consumer product papers, GreenPix has few surface imperfections. Photos come out clean and sharp. GreenPix is compatible with all inkjet printers.
